My dear Señor Molina:

I thank you very much for your book "De California a Harvard". It is not only very interesting, but it shows a thorough understanding of our universities, and throws a great deal of light on many things that are not generally appreciated outside of the United States.

I wish there were some way I could return your kindness in sending me your books. Please let me know if I can be of any service to you.

Yours very sincerely,

F.B. Luquiens
