Facultad de Medicina  
Universidad de Concepcion  
Concepcion, Chile

Dear Dr. Gonzalez:

Thank you for your letter of February 10, which was received shortly after Dr. Horning's departure on his current South American field trip. We are glad to have your approval of the supplementary fellowship for Dr. Hodgson and will proceed with the arrangements as previously outlined.

Dr. Ennio Vivaldi has made excellent progress in his program of study at the University of Michigan and expects to complete his work there on or about May 31, 1954. Before the Foundation can approve the extension of his fellowship beyond its present termination date on March 1, it is necessary that we have a letter from you indicating that you approve of the additional three months. This extension of time will enable Dr. Vivaldi to have training in the Department of Surgery, with Dr. Frederick Collier, which we discussed at the time of your visit here.

I shall appreciate it if you will let us know promptly whether these arrangements for Dr. Vivaldi meet with your approval, so that we may complete his fellowship plans accordingly.

With kindest personal regards, I am

Sincerely yours,

  
Philip E. Blackerby, Jr., D.D.S.
