

CONCEPCION, January 23, 1954.-

LETTER OF RECOMMENDATION.-

NAME: GUILLERMO BEDDINGS

Dr. Guillermo Beddings has been for ²² years ~~an~~ assistant in the Institute of Biology of our Medical School. Now he is the chief Instructor (Jefe de Trabajos) and - Auxilliary Profesor.

He is a very studious and capable young man, with very good personal conditions for the scientific work as well as for the teaching and research.

He is making his applications for a fellowship in Biology in the United States.- I fully recommend him because he is in very favorable position to get full benefit from his training in the States, and besides on his return, his experience is going to be of great value for teaching in our Medical School.
