Dr.
H.P. Saunders,
Associate Director
American College of Surgeons,
CHICAGO 11, ILLINOIS.

Dear Dr. Saunders:

It is only today that I can send you a copy of my paper on "Chest injuries in civilian practice", to be read in the Lima meeting.- I hope it is not too late for the translation into English.

I enclose also a paper on a personal procedure for the esophageal anastomosis that I would like to present in Lima, the enclosed are not good - and I hope to exchange them for better ones very soon although I sent them in order to make more clear the procedure for the purpose of the translation.

I must apologize again for sending - my papers so late but I didn't know you needed them - with such anticipation and had to write them before I supposed to do it.

Thank you.- Sincerely yours.

Dr. Ignacio González G.
